114,618

Paid cost per member per month rose 6% from 2008 to 2009

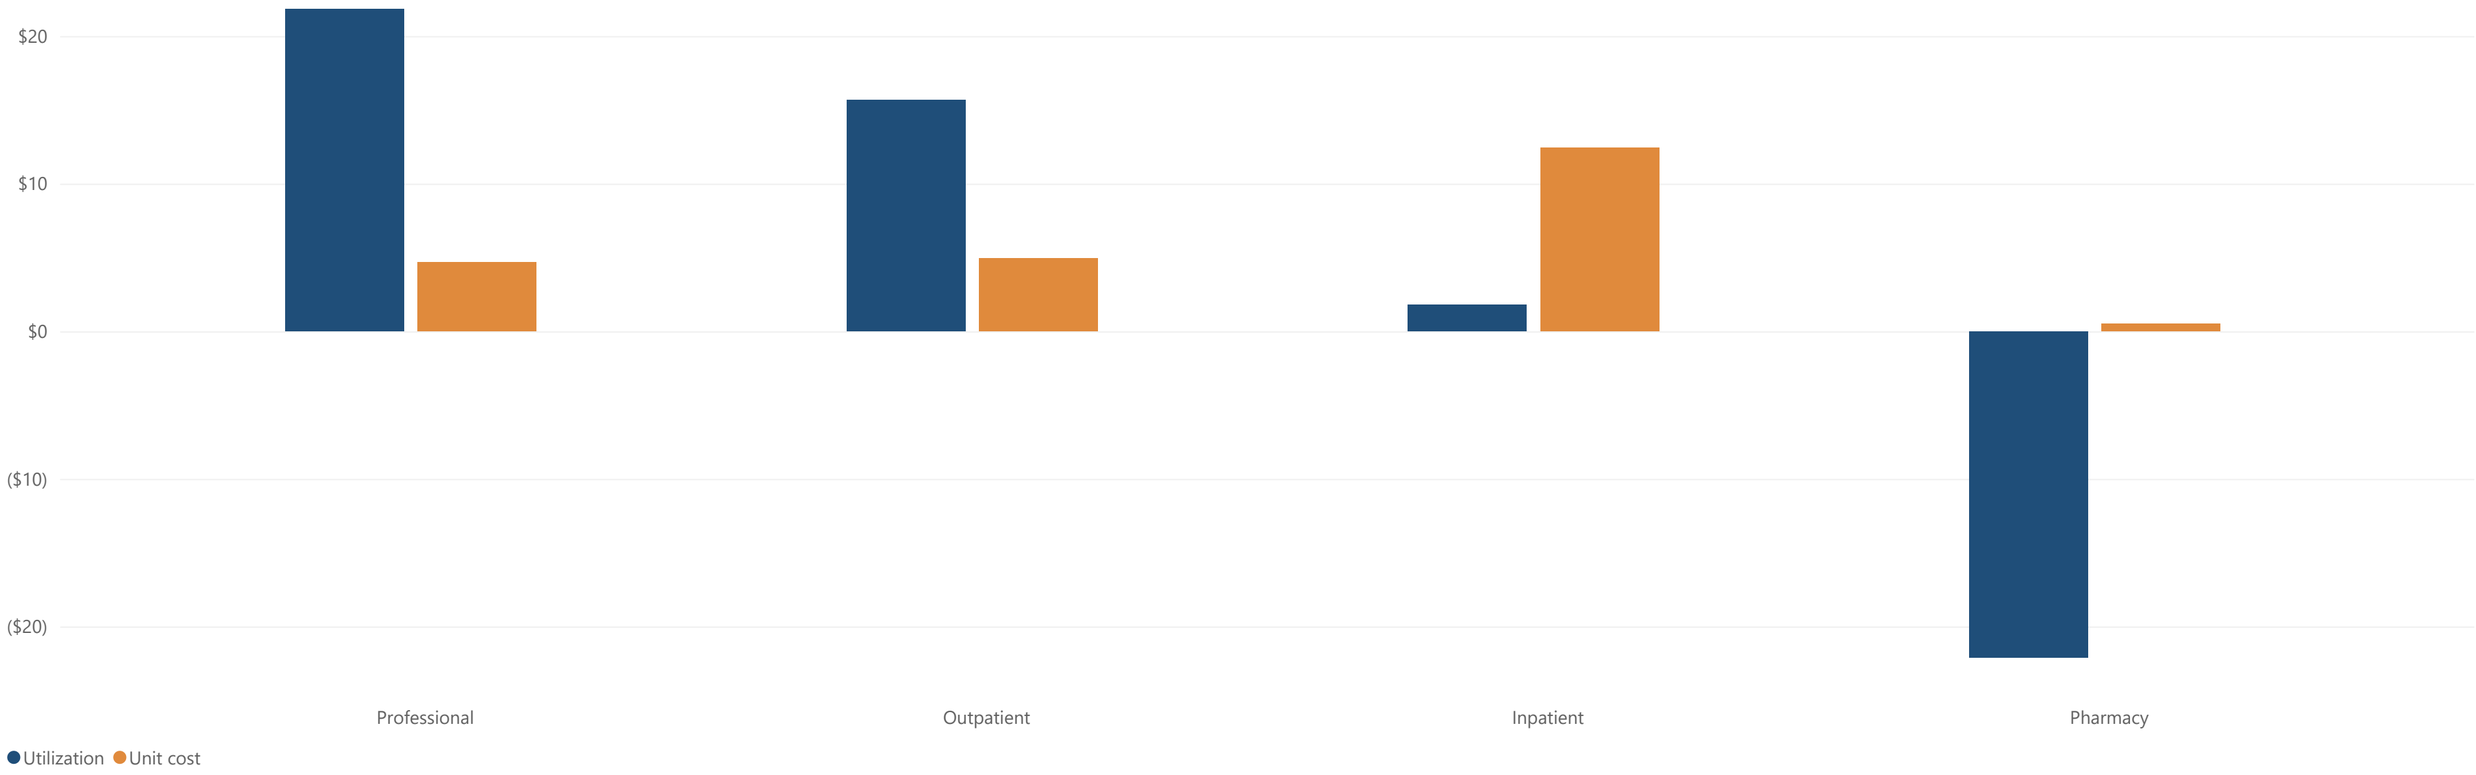

Paid PMPM by year and service_category

CMS DE-SynPUF synthetic Medicare claims, Sample 2. 2010 claims are incomplete in the source data.

Higher use drove about two thirds of the 2009 medical cost increase

Utilization and Unit cost by service_category

year	2008			2009			2010		
service_category	Paid PMPM	Util per 1000	Unit Cost	Paid PMPM	Util per 1000	Unit Cost	Paid PMPM	Util per 1000	Unit Cost
Inpatient	$254.09	328	$9,306.23	$268.30	330	$9,759.33	$150.17	188	$9,603.09
Outpatient	$83.41	3,610	$277.30	$104.02	4,268	$292.44	$61.89	2,500	$297.10
Pharmacy	$130.80	30,156	$52.05	$109.24	25,076	$52.28	$65.32	15,153	$51.73
Professional	$155.57	33,601	$55.56	$182.08	38,252	$57.12	$123.18	25,888	$57.10
Total	**$623.87**			**$663.64**			**$400.56**		

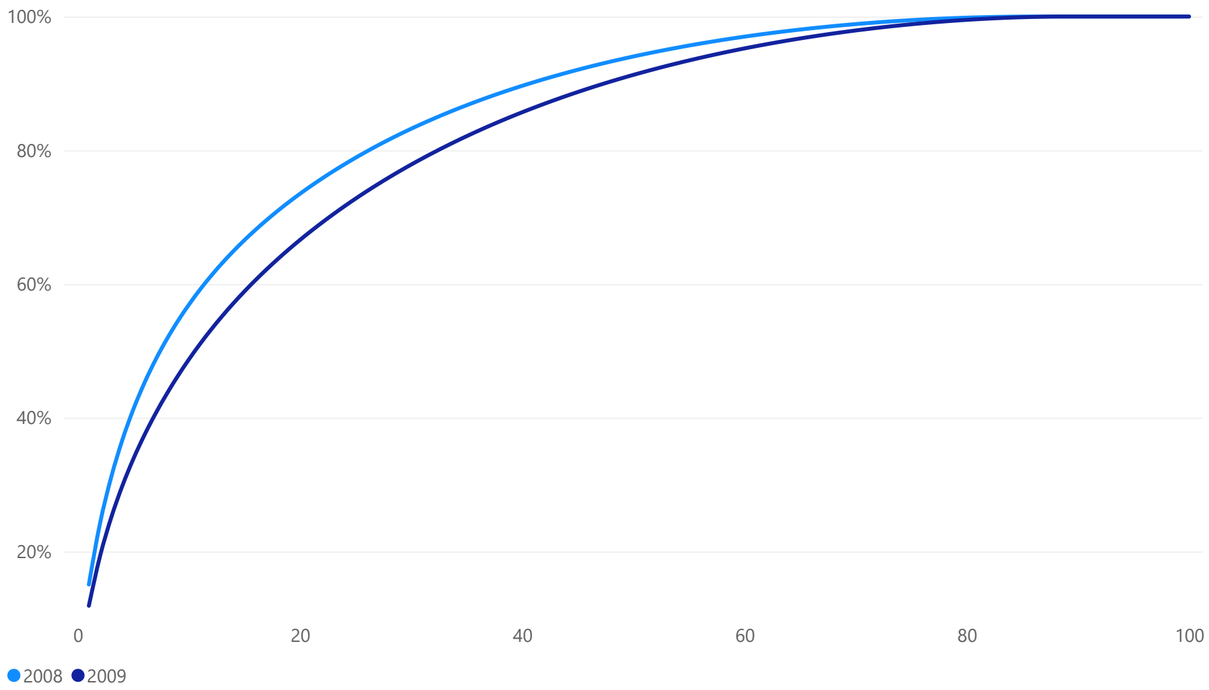

Pharmacy's drop reflects Part D enrollment growing 31% while drug claims grew about 9%, not lower use per person.

Top 1% averaged $64K a year, driven by hospital stays

Group	Members	Avg annual paid	Avg chronic conditions	Inpatient share	Pharmacy share
Other 99%	113,472	$4,815.31	2.54	34.99%	20.42%
Top 1%	1,146	$64,244.25	6.41	75.18%	2.87%

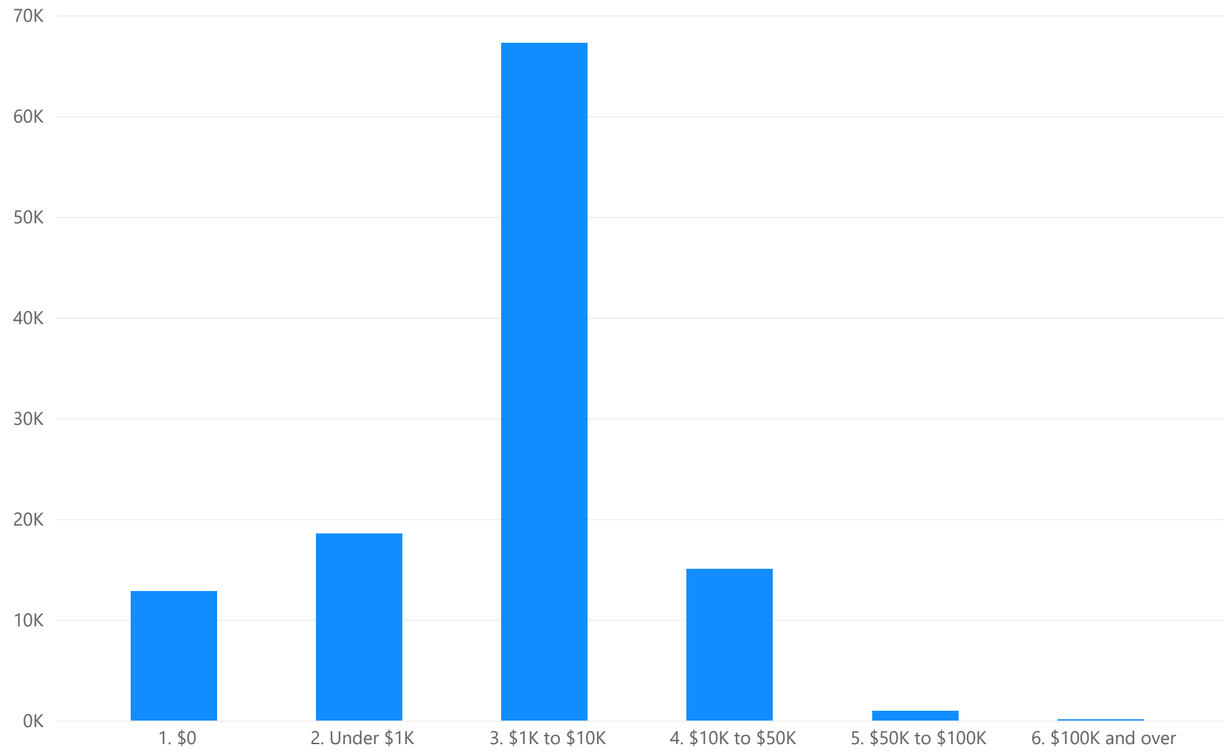

5% of members drove 41% of 2008 cost

Share of cost by Top % of members and year

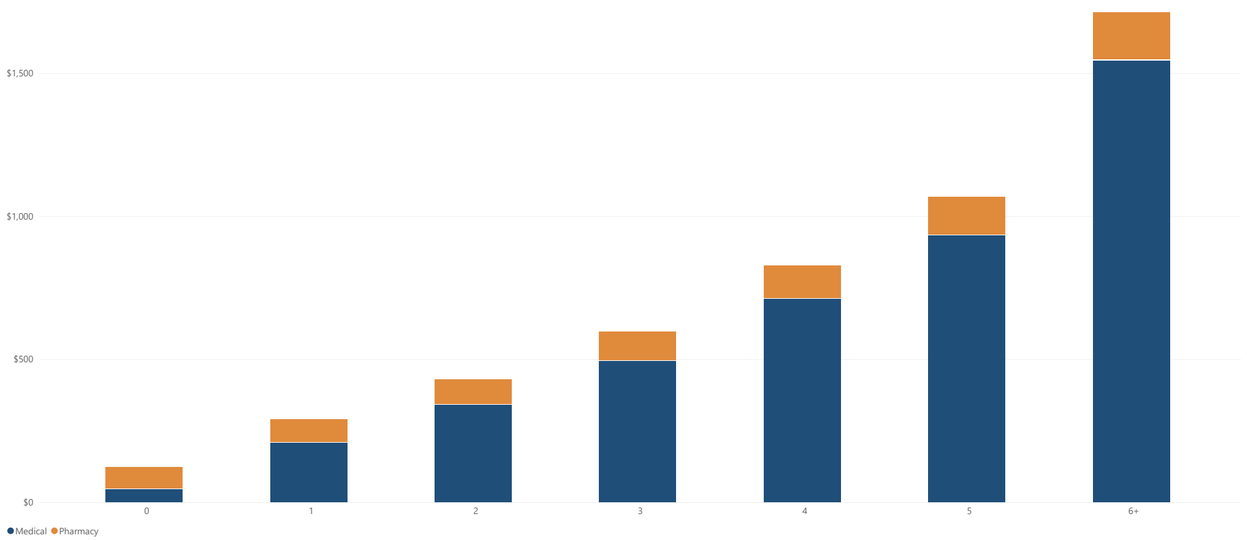

Most members cost little; a few cost over $50K a year (2009)

Members by Annual cost

6+ chronic conditions: about 14 times the cost of members with none (2009)

Medical and Pharmacy by chronic conditions

Members with no chronic conditions cost $124 per month; members with 6 or more cost $1,712. 16% of members have 6 or more of the 11 conditions CMS tracks.
